CONDITIONS OF CONTRACT FOR THE SUPPLY OF ARTICLES OF FURNITURE.

1. The articles will be required to be manufactured according to our specifications out of well seasoned Mysore Teakwood or Rosewood as the case may be, free from all defects, such as, knots, bends, white and sap wood, etc. All the articles are required to be well polished and varnished.

2. The articles will be subject to inspection by an Officer to be deputed for the purpose both during manufacture and after completion and such of the articles as may be found defective during such inspection, either due to bad workmanship or due to use of bad materials, will be rejected and you will be required to replace them by sound ones according to specification.

3. The soundness of all the articles should be guaranteed for one year during which period the defects that may be noticed by the Department will have to be rectified by you at your cost.

4. You should be prepared to execute an agreement undertaking to abide by the conditions of our tender and also to deposit as security a sum not less than five per cent of the value of the order.

5. Withdrawal from the quotation after it is accepted or failure to make supply within the specified time or according to specifications will entail cancellation of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of three per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of Approved Firms.

No. S. P. C. 13344-13352, *dated 25th January* 1935.

To

The Firms dealing in Telephone Cables.

Enquiry No. 1215.

TELEPHONE CABLE.

GENTLEMEN,

Please quote your best price and earliest time of delivery for the following material :—

The price to be quoted should be for delivery c. i. f., Madras and f. o. r., Mysore.

This enquiry will close on the 25th February 1935.

No. S. P. C., dated 26th January 1935.

To

The Firms dealing in Structural Materials.

Enquiry No. 1219.

MATERIALS REQUIRED FOR THE EXTENSION OF BOILER SHOP OF THE RAILWAY CENTRAL WORKSHOPS.

GENTLEMEN,

Please be good enough to quote your best present day prices for delivery f.o.r., Mysore South Station, Mysore Railways, based on Railway Material Certificate for the supply of materials described in the enclosed specification and intimate the earliest time within which you would be able to deliver them if an order is placed.

The exact quantity of materials offered under each item should be specified.

The quotation should be furnished (*a*) alternatively for materials only and (*b*) for materials including cost of erection and drilling holes, etc., in the existing structure.

Quotations for part of the materials only will not be considered.

It should be distinctly understood that the materials will be required to be supplied within the time agreed to or if erection work is also entrusted the whole work will be required to be completed within the stipulated time. In the event of failure to supply the materials in time or in accordance with specifications, the contract will be cancelled and other arrangements made for getting the supplies debiting the extra cost, if any, incurred to the defaulting firm. The Stores Purchase Committee also reserve the right to impose a penalty of three per cent of the vaule of the order as liquidated damages in case of delay and unsatisfactory supplies.

Quotations should be superscribed "Quotation for Structural Materials for the extension of Boiler Shop of the Railway Workshops".

The enquiry will close on 15th February 1935.

Specification for the proposed extension of the Boiler Shop at Mysore Railways Central Workshops, Mysore.

It is proposed to extend the present Boiler shop by 77 ft. 6 in. towards the south as shown in Drawing No. R. C. W. 1 A—1934-35 XEN.

The design of the steel stanchions, roof trusses, gantry, etc., will have to conform to the existing structure, detailed plans of which are enclosed for reference (Drawing Nos. R. C. W 1 A and 1 B—1934-35 XEN.)

Quotations are required for all the steel materials for stanchions, roof trusses, roof materials inclusive of all bolts,—rivets, etc., required in foundation or superstructure as may be required in each case.

The Materials will, on the main, be as under.

1. Eight compound stanchions latticed and composed of two 12″×5″×32 lbs. and one of 12″×6″×54 lbs. I Section members with suitable base, cap, necessary 1¼″ holding down bolts anchor plates, etc., complete.

2. Two lines of latticed roof girders to carry the intermediate trusses, and also to brace the building longitudinally.

3. Eight Roof Trusses of 50 feet span with ventilators, provision should include wind bracing at the extreme end.

4. Fourteen lines of Purlins with necessary fish plates, fish bolts and nuts, etc., complete.

(*N.B.*—The purlins should be in a line with the existing purlin joints to come over trusses only).

5. Two lines of crane track with channel iron on top,, bottom plate, bridge rail, fish plates, bolts, etc., complete.

Note.—Travelling crane and P. W. materials are not required to be quoted.

6. Four 12″×5″×32 lbs. columns at the two gable ends for fixing the walling including holding down bolts and anchor plates, etc., complete.

7. (22) Twenty-two B.W.G. Galvanised iron corrugated sheets for roofing, ridging and walling including angle runners for walling, flat iron stiffeners, ⅜″ diameter hook bolts, G.I. washers G.I. wind ties, etc., complete.

The walling for the sides of the proposed extension and the gable ends of the extension on the south and that of the existing structure on the north is to be carried down from the top to 14′—4″ above ground level.

(*N.B.*—The angle Iron runners should be in a line with the existing runners and joints should come over stanchions and the joints of flat iron stiffeners should come over angle iron runners only.)

Rivets and service bolts are to be supplied for riveting trusses, wind braces, etc.

All steel materials are to be given a coat of shop painting before despatch.

Details specifications and drawings should be furnished with the quotations specifying the names of manufacturers.

The materials should be of tested quality and should satisfy B.S.S. for structural steel for this class of work. Test certificates should be forwarded along with the despatch of materials.

No. S. P. C. 13353-58, *dated 28th January* 1935.
